If you have an accident.

We hope you are never involved in an automobile accident. But if you are, take the following actions:

1. Do not leave the scene.

- Direct other traffic around the accident.
- Help any injured, but don't move them unless absolutely necessary.
- Call the police.

2. Get names, addresses, phone and driver's license numbers of all drivers.

5. Diagram the accident, showing all cars involved.

6. Do not place or accept blame for the accident.

Do not express opinions on fault, make admissions, sign statements, or record statements unless you are asked to by the investigating officer or an identified representative of SECURA Insurance.

7. Make an immediate report to the police.

Some states require you to fill out state accident forms. Please check with the local police department to determine your obligation.

8. Make an immediate report to your agent or SECURA.

When you have an accident, our claims professionals are there to offer you exceptional service when you need us most. Our claims representatives will:
