

Explain why we should never assume a boar is safe.

Explain why it is safest for two people to work together around boars.

Identify the most dangerous part of the boar.

Demonstrate the importance of the sort board to handler safety. Move a boar from one pen of gilts to the next using a sort board.

Remove a mounted boar from a sow during an in-pen heat check.

Explain the importance of a boar culling program.

Per farm protocol, demonstrate how to properly use devices and tools that allow for safer heat-checking and movement of boars.

Explain what positive human to boar interactions from a young age will do.

Describe practices that can make a boar calmer and more manageable.

Describe actions to take if two boars begin to fight.

I have demonstrated and explained appropriate handling techniques and barn protocol: \_\_\_\_\_ Date: \_\_\_\_\_
