

-  **Prepare the path of movement for sows from the gestation barn to the farrowing barn.**
-  **State the appropriate group size to safely move sows.**
-  **Explain why a pregnant sow will need to move more slowly.**
-  **Explain the importance of minimal stress on a pregnant sow.**
-  **Demonstrate how to safely prepare to handle pregnant sows**
-  **To avoid injuries, describe what to look for in a sow when working in narrow alleys or doorways without a sort board.**
-  **Guide a pregnant sows through 90 degree turns.**
-  **Explain why older sows can help lead younger sows.**
-  **Explain why allowing sows to become comfortable will make moving sows easier.**
-  **Explain why a frightened sow can be dangerous to herself and the handler.**

I have demonstrated and explained appropriate handling techniques and barn protocol: \_\_\_\_\_ Date: \_\_\_\_\_
